\$250,000

Summary: Welcome to this charming home built in 1929 offering classic character with modern updates. There is beautiful woodwork throughout this home in pristine condition. Enjoy tall ceilings, a fireplace in the open concept living/dining room and two open areas that would be a great place for a toy room, craft room, home office or extra seating. The kitchen has an eat-in dining area, an island and patio doors leading to a private backyard with new vinyl fencing. There is a bedroom and full bathroom on the main floor. The second floor has two bedrooms and there is a large master suite with a jetted bathtub, double sinks, extra vanity space and a shower. The mostly finished basement has another living space, a room that once served as a bedroom/could become a legal bedroom with the installation of an egress window and a nice sized laundry room with extra storage space. The landscaping around the home has been well maintained, there are underground sprinklers and the 2-car detached garage has alley access. All kitchen appliances and the washer and dryer are included with this home. Not many homes of this quality with character come on the market so text, email or call today to schedule a private showing.
